PRAYER FOR OUR PEOPLE:

- For Dana Orchard as she continues to recover, at home, from her recent kidney transplant;
- Josef Balger has just a few more radiation treatments to go. When done, he will see his family doctor to find out if the treatments have been effective against his cancer;
- For Judy Lediet who is receiving daily radiation treatments (a total of 25) that began on June 8. Please pray for her during this time and for the possible side effects of the radiation, of which she is very concerned;
- For Betty Cross who continues to struggle with spreading cancer.
