SERMON TITLE: Living in Light of the End: What Motivates You?

SPEAKER: Pastor Mark Cuthbert

SERMON TEXT: 1 Thessalonians 1:1-3

PRAYER FOR OUR PEOPLE:

- Judy Lediet had a follow up appointment with her doctor recently, after her radiation treatments were completed. She is feeling good, and her doctor is pleased with her recovery. Judy is thankful that everything is going well and for the prayer support of her church family;
- Lloyd Weiss remains on the waiting list for a kidney transplant;
- Josef Balger received the results of the PET scan. It shows that the cancer is spreading and is already in his bones. The doctor has advised that it is not curable. Josef will receive some radiation treatments to, hopefully, alleviate the pain he has in the left side of his body - in his hips and ribs. After the radiation, they will wait 3 months to see if the cancer is continuing to spread. However, if the pain continues, despite the radiation, they will stop. Currently, Josef is feeling okay. He is breathing well and remaining active; however, he does not have much of an appetite. Maria has asked for prayer that Josef will not suffer.
