SERMON TITLE: The Diagnosis No One Wants to Hear

SPEAKER: Pastor Leo

SERMON TEXT: Colossians 3:5-7

PRAYER FOR OUR PEOPLE:

- Dennis Salhani passed away on March 4. He was in palliative care with liver cancer. Please pray for his family during this time;
- For Lloyd Weiss as he continues to recover after having had his right leg amputated;
- Ron Berman was in the hospital with a lung infection. He is off oxygen, for now, and was discharged from the hospital this past Tuesday;
- Melanie Belanger (daughter of Lloyd & Holly Weiss) has a tumor on the back of her skull. It was decided that the best course of action would be for Melanie to have an MRI every 6 months to check for growth (there has been no growth in 3 years). They do have a plan if they find that it is growing;
- Holly Weiss learned that she will not need surgery regarding her bowel issue (severe sigmoid diverticulitis). The doctors are now hopeful of resolving the issue in a non-invasive manner.
