SERMON TITLE: Two Ways to be Lost

SPEAKER: Pastor Leo Klus

SERMON TEXT: Luke 15:11-32

PRAYER FOR OUR PEOPLE:

- Manasa Kondra (wife of Daniel Chris) delivered their first child, a boy. Ethan Daniel Christopher was born on July 6. He arrived about a month early and is currently in the NICU at Vic. Hospital. Ethan has been improving well overall. However, the doctors have diagnosed him with adrenal insufficiency. They are currently treating him with medication, and he is responding well, which is encouraging. At the moment, his adrenal glands are not functioning as they should. The medical team is trying to determine the underlying cause, and it may become a lifelong condition unless, by God's grace, his adrenal glands begin functioning normally. Manasa has also recovered well and is doing much better. They would appreciate prayer that her milk supply continues to increase so that she can produce enough to meet Ethan's needs. Please continue to pray for Ethan that he would grow stronger, that his adrenal glands would be completely healed and function normally, and that God would give the doctors wisdom as they continue to care for him. They also ask for prayer for Manasa's continued strength and recovery, and that God would faithfully provide for all of their financial needs during this season. They are very thankful for your continued prayers;
- For Lloyd Weiss as he continues healing at home. He is still unable to stand on his leg, yet, but he continues to try. He is upbeat and thankful for the love and prayers of his church family.
